A hunting party consisting of John Boosinger, Dr. H. W. Dicken Dr. C. A. Sweet, Charles Gotham, and Horace Hipp left Thursday for a trip up north of Seney. They will probably be gone several weeks and when they return venison will be cheap.

The Republican Rally of last Tuesday evening at the East Jordan Opera House was well attended—especially by the ladies—and the speeches of both Colon C. Lillie and Judge Harris were well received. Next Monday evening another meeting will be held at which the Hon. George G. Covell, U. S. Attorney and a brilliant orator, will deliver the principal address.

Action was begun in Circuit Court, Thursday, against C. L. Lorraine, publisher of the East Jordan Enterprise, charging him with criminal libel. A. B. Nicholas is the complaining witness. The affair has grown out of several items appearing in Mr. Lorraine's paper and which are probably well known to a majority of our readers.

Ed. Russell of Boyne City was in East Jordan Saturday, and gave The Herald a call. Mr. Russell and others in that city find that they can purchase their lumber here, at from 10 to 20 per cent less than in their home town which means quite a bit on a load. He took back with him a load of siding for a new residence which he is building.

## E. J. High School Lecture Course.

We are pleased to announce to the citizens of East Jordan that arrangements have been made for a first-class lecture course for the coming winter season. The course consists of five numbers of as high a degree of excellence as any course ever given in Northern Michigan. The price is very cheap, \$1.00 for the entire course. Seats can be reserved at the regular place at the low price of 10c for each entertainment. Those not purchasing season tickets will be required to pay regular house rates. The course will open Dec. 16th, with the Slayton Jubilee Singers, generally conceded to be the best company of the class on the American platform, as many press notices plainly show. The Grand Rapids Herald has the following to say:—The Slayton Jubilee Singers entertained a big audience in the Auditorium last night. The first half of the program was composed of plantation and jubilee songs, which were sung to the gratification of all. The second part consisted of solos and specialties. The ensemble work was all interesting, and the company sang the plantation jubilee and modern 'coon' songs in a very pleasing manner and only as 'darkies' can sing them. The company made an excellent impression and the audience was highly entertained."

The next number of the course is Wallace Bruce Ambery Jan. 19th. Mr. Ambery is an impersonator of much more than average ability. His character portrayals are magnificent. His testimonials are from committees of the very largest lecture courses in the land. The Chicago Inter Ocean says:—Mr. Ambery interpreted the writings of Rudyard Kipling, James Whitcomb Riley, Eugene Field, Frank Stanton, Peter Dunne, Charles Eugene Banks, Kate Douglas Wiggin, Henry Drummond, and some original poem, with rare feeling and delicacy. Every number was followed by enthusiastic applause.

John R. Clarke well known for his famous lecture "To and Fro in London" will appear on Feb. 18th. Mr. Clarke needs no introduction to the lecture-going public.

Following this is the Dunbar Male Quartette on March 6th and Dr. A. A. Willis "the Apostle of Sunshine" on March 23rd.

The above course will be conducted wholly for the benefit of the High School and we sincerely trust that it will be well patronized by the friends of the school. Each number will be given at the Loveday Opera House.

### Make Excellent Butter.

If anyone had any doubts that the East Jordan Creamery was not turning out a first-class product their minds can now be at rest. At the St. Louis World's Fair in competition with buttermakers from all parts of the world, our creamery butter scored 92½ points, winning a Diploma of Merit, a badge of membership in the National Creamery Buttermaker's Ass'n, and a share in a cash prize of \$1,500 to be divided pro-rata among those scoring above 90 points. The score of points on the butter sent was as follows:

Flavor.....	45-37½
Body.....	25-25
Color.....	15-15
Salt.....	10-10
Package.....	65-65
	100 92½

This shows that the making of the butter was perfect and that the defect was in the first number of points which, so the St. Louis judges say, was caused by cows eating impure foods. It also shows that dairymen cannot be too careful in caring for their cows, milk and cream. The publisher of this paper witnessed the making of the butter and can say that it was made from the run of the cream and not assorted as was in most cases with the other contestants. Both Prop'r and Mrs. J. J. Pfender are thorough buttermakers and to each belongs a share of the honor in manufacturing the prize butter.

Charlevoix County people are beginning to realize that we have an excellent Creamery, that it is a valuable addition to our industries, and that when it begins operations in the spring, deserves the support of all.
